

2019 SOUTHEASTERN PEDIATRIC NUTRITION CONFERENCE

**SHELL ISLAND RESORT
WRIGHTSVILLE BEACH, NC
NOVEMBER 14 AND 15, 2019**

LET FOOD BE THY MEDICINE NUTRITION AND DISEASE MANAGEMENT

The role of nutrition in preventing and curing disease is emerging. We are now seeing a growing interrelationship between nutrition and pharmacology, which allows for a more effective approach to patient care. This conference will feature many experts who will speak on the importance of nutrition in disease management and its many therapeutic possibilities. Through a multidisciplinary approach, attendees will learn about key conditions, challenges, and improvements in medical nutrition therapy, as it relates to the management of various diseases.

Pediatricians, Neonatologists, Neonatal/Pediatric/
Family Nurse Practitioners, General Medicine, Pediatric
Gastroenterologists, Dietitians, RNs, LPNs, APRNs,
Physician Assistants and Pharmacists

CONFERENCE DESCRIPTION

The Annual Southeastern Neonatal/Pediatric Nutrition Conference is designed to provide updated, advanced and practical approaches to contemporary issues in pediatric and neonatal nutrition. This activity will provide unique opportunities to learn, share and investigate new ways of assessing and managing pediatric patients with complex nutritional needs.

CONFERENCE OBJECTIVES

1. Identify evidence based dietary treatment strategies in management of pediatric disease states
2. Describe the effects of hypoallergenic diet on inflammatory diseases of the intestines.
3. Describe how excessive caloric intake affects optimal growth and development of the pediatric patient and predisposes children to chronic diseases.
